

2019 Top Per Capita Resource Sharing Libraries

Our smaller libraries may have smaller collections to share, but their generosity with their available resources is exceptional! This set of statistics reflect the number of items shared out to other Evergreen Indiana libraries as compared with the number of taxpayers which support the library system (based on the 2010 Census).

Remote circulation is only offered on a subset of consortium holdings. Includes remote institutional circulations ineligible for inclusion in the State of Indiana Annual Report.

Libraries in Indiana are classed by the size of their resident tax base. Libraries serving communities of up to 10,000 residents are Class C. Class B libraries serve communities ranging in size from 10,001-40,000 residents. Class A libraries serve communities of more than 40,000 residents.
