WELCOME, OWENSVILLE!

On Tuesday, August 27 we welcomed our 131st library to the Evergreen Indiana Library Consortium! Owensville Carnegie Public Library in Owensville, Indiana brings with them approx. 26.5k items to the catalog and six staff members learning the ropes of their new ILS! Nearby Evergreen libraries include Poseyville and Princeton Public Libraries.

We hope you'll join us in welcoming Owensville to the consortium. We're excited to have you!

Kristin Worstell is the Database Analyst for the consortium. She has been in this position for two years. Her interests include cats (she has five!) which she considers a “subscription service to moving house decor; they just brighten up the place.” Her favorite part about working in a consortium is that it is a great community with so much knowledge sharing.

“I have never worked in a place that had so many resource-sharing communities that assist each other with best practices. It honestly makes the world a better place.”

REGIONAL USER GROUPS

Consider joining us for one of the seven scheduled Regional User Groups being held across the state in September and October! The schedule includes the 3.13 upgrade, Aspen, and an open discussion. We'd love to see you there! Each session is from 10:00am until 12:00pm.
