

# WEEKLY UPDATE

## EVERGREEN INDIANA

### SOME FIXES COMING OUR WAY

We've been watching the community closely for fixes to some of our more frustrating bugs. We are in the process of testing and will add the fixes to production once we confirm they work. These include:

- Cataloging: Spacing in the Date1 and Date2 fixed fields
- Cataloging: Double fields when using Ctrl-D and Ctrl-Enter
- Acquisitions: Multi-branch libraries couldn't see all of their funds

### ASPEN FOR ADMINISTRATORS

On January 16 at 3pm (ET) we will be discussing the administration side of Aspen. We'll take a look at how to customize your Aspen catalog in preparation for launching it to your patrons. This will include browse categories, placards, library settings, and more. [Register here to join us!](#)

### 2024Q4 INVOICES AVAILABLE

The 2024 4th Quarter invoices are now available via the web client. Payment will be due 35 days after receipt. Please contact Courtney Brown at 317-232-3691 or at [cobrown@library.in.gov](mailto:cobrown@library.in.gov) with any questions.

### PARTS REMINDER FOR CATALOGERS

This *just* came up in a helpdesk ticket. Please make sure, when adding your items to a record that only has a single volume of a set or series (think graphic novels or manga), to not add a part. Since we now require a part to be selected, this can negatively affect hold placement in the classic OPAC and request attempts through Aspen.

*annual  
conference*

We will be sending out a request for proposals soon, so start thinking about what you want to learn about (or present!) at the annual conference in August.
